### **DETAILED ACTION**

The submission of After Final amendment filed on 11/27/2006 is acknowledged. At this point all left unchanged. Thus, claims 1-16 are at issue in the instant application.

#### ***Allowable Subject Matter***

The Declaration under 37 CFR 1.132 filed 11/27/2006 is sufficient to overcome the rejection of claims 1 and 10 based upon Hoelen et al.

Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to Claims 1 and 10 the prior art of record fails to show an illumination device including a set of predetermined number of light emitters arranged along a line with N positions, each light emitter outputting a single color, the arrangement of colors along the line not being formed of symmetrical patterns.

Claims 1-9 are allowed as claims depended on claim 1.

Claim 11 is allowed as claims depended on claim 10.

Referring to Claim 12 the prior art of record fails to show a method of arranging light emitters in an illumination device providing a set of predetermined number of light emitters arranged along a line with N positions, each light emitter outputting a single color, the arrangement of colors along the line not being formed of symmetrical patterns.

Claims 13-16 are allowed as claims depended on claim 12.
